Wholesale Price List

—OF—

THE HIGHLAND NURSERIES INDEXED.

Louis M. Empie

JOHNSTOWN - NEW YORK

IN presenting you with this price list, We have not gone to the expense of printing an expensive illustrated and descriptive catalogue, owing to the fact, that with but few exceptions it will reach FRUIT GROWERS only, who are acquainted with nearly all the varietes of fruit listed in this wholesale price list.

This enables us to make you a better price, which is a saving to you.

Owing to the increase in our business, it was necessary to acquire more land, which we did three years ago, and now have 125 acres devoted to the Nursery and Fruit growing, also to double the capacity of the packing plant, which we did last fall.

All orders are dug by experienced help, who have been with us a long time, and we get the roots without breaking or bruising them, and grade them so the planters will get all they buy and a little more. We find this method of grading, with square dealing, gives us customers who buy from year to year.

As soon as the trees are dug, they are taken to the packing cellars where they are properly packed in paper lined cases, with plenty of moist packing used on the roots, which is very necessary to have the trees reach the planter in a moist condition. Trees packed in this way will reach the planter in a moist condition if allowed to remain in the cases for two or three weeks.

If for any reason the trees do not arrive in good condition, or are not satisfactory, we will make good the loss.

WE GUARANTEE all trees and plants purchased from us to be true to name. If any stock does not prove true to name and as represented by us, we will make good the purchase price any time within ten years after date of purchase. We guarantee our stock to reach our customers in good growing condition, and to be free from San Jose Scale, or other dangerous injurious insect pest or pests. Having had twenty years experience in Nursery and Fruit growing, we know very near the requirements to produce good stock. This guarantee is backed by an investment of over \$25000.00.

THE HIGHLAND NURSERIES
